Irvine-based **TRUMARK HOMES** has upgraded the appearance of **WYETH COVE'S** finished lots on the 4.38-acre site and has begun construction on the model homes, which will open by February 2010. Wyeth Cove homes will be available in traditional and cottage-style architecture and will be sleekly appointed with features such as granite countertops, oil rub bronze hardware and ceramic tile entryway flooring. The homes will surround a landscaped park and recreation area. Additional information is available at trumark-co.com.
